Role of the Financial Services Segment

Hitachi's Manufacturing, Services & Others segments and its Financial Services segment are each clearly positioned and managed as distinct businesses with different characteristics. The Manufacturing, Services & Others segments work in coordination with the Financial Services segment to expand the Social Innovation Business.

Increasing the financing receivables owned by Hitachi Capital Corporation, which constitutes the Financial Services segment, is the basis for growth in the financing business and regarded as investment to generate higher returns on equity. Credit rating agencies typically permit a higher level of interest-bearing debt and D/E ratio for financial services companies than for manufacturing and services companies. The credit ratings of Hitachi, Ltd. are assigned by credit rating agencies on the basis of key financial indicators that exclude Hitachi's financial services business.
